OUR TUTORS REPRESENT

AS SEEN ON
We know the importance of a quality education. At HeyTutor, we are committed to providing the best tutoring service for your student. We accomplish this mission by hiring the best, most adept tutors with backgrounds in a range of subjects and specialties.

We offer a variety of academic services for students looking to improve or maintain their scholastic achievements. Currently, we employ a host of well-educated and experienced tutors who will work with each client to schedule private tutoring sessions either at home or at a set location.

Our tutors have expertise in many fields, including test preparation (e.g. SAT, ACT, etc.), select languages, and all subjects for students in kindergarten through 12th grade. We offer hourly sessions for general tutoring, and rigorous, specialized programs for test preparation.
HOW WE WORK

We arrange individualized sessions with one of our instructors at your convenience. These sessions may take place in the comfort of your own home or at a location of your choosing.

In order to ensure the continued efficacy of these sessions, we work to establish regular communication with our clients, so that we may tailor to students' needs as they progress through their academic journeys. Our goal is your student's success, and we will collaborate with you at every turn to secure this goal.

Our tutors offer a variety of hours for your convenience. Whether your student wants to start a little later in the day or meet with a tutor over the weekend, we can accommodate your student’s specific schedule.

“My daughter struggled to understand algebra for so long. Once we started working with HeyTutor, it was like everything clicked. Our tutor really helped her understand difficult problems, and we have seen a huge improvement in her test scores.”

- Mother of a student
“We needed regular tutoring sessions for both boys after soccer practice during the week, and after trying a couple of different tutors, we found the right one through HeyTutor. Thank you!”

- Mother of a student

PRIVATE
IN-HOME TUTORING

Kindergarten-College level

We want learning to be as easy and accessible as possible, so we have tutors who are willing to travel to your home to conduct tutoring sessions with your student.

We offer instruction in all major subject areas, including English, mathematics, science, history and foreign languages.

In addition, we offer specialized instruction for a range of AP tests, including AP World History, AP European History, AP U.S. History, AP Biology, AP Chemistry, AP Physics, AP Environmental Science, AP Calculus AB/BC and others.

Outside of traditional subjects, we also offer lessons in how to master Microsoft Office, as well as lessons in how to write code (e.g. HTML, JAVA, C++, PYTHON). Tutors also offer music lessons for the following instruments: guitar, bass guitar, cello, violin, piano, trumpet, flute, voice and drums.
TEST PREPARATION

Standardized tests can be intimidating. At HeyTutor, we offer instruction from tutors with experience in a plethora of standardized tests.

1. ASSESSMENTS
Before beginning a course of instruction, we administer an initial assessment in order to see each student's strengths and weaknesses.

2. WORKSHOPS
In order to practice skills that need improvement, we break down each subject area into individual workshops.

3. PRACTICE EXAMS & QUESTIONS BANKS
One of the best ways to improve scores is to familiarize each student with actual tests, and so we provide full practice exams and question banks to streamline the test preparation process.

Our tutors will customize each student's learning plan for their specific needs, and depending on the rate at which each student progresses through their instruction, tutors will adjust the content covered in each section accordingly. If you are not satisfied with the progress of the test preparation instruction, we will refund you the full price.

“It’s just a test,” said no SAT test-taker on test day. We know how stressful test-taking is for students, and we know how important standardized tests are for your student's future. Let us offer a helping hand, so your student sees the results they want on test day.
“Our nephew really needed help with writing his college essay, so we decided to set him up with tutoring lessons. Two weeks later, we can’t believe how much his essay has improved! It has definitely improved his overall application which will in return improve his chances for acceptance!”

- Aunt of a student
HOMESCHOOLING

At HeyTutor, we offer personalized homeschooling services for K-12 students. While an education is important, we understand that one style of education does not work for everyone. If your student learns better outside of the classroom, or is unable to attend regular school hours because of other commitments, we offer a great education with your needs in mind.

SELECT FROM A VARIETY OF DIFFERENT CURRICULUM OPTIONS

Our tutors work with you to create the curriculum you would like your student to follow. We will keep any state's curriculum standards in mind while forming lesson plans, and we can incorporate any additional topics you would like to include in your student’s education.

If you would like to use a ready-made curriculum, we also offer lessons via Bridgeway Academy—an accredited program—and we are open to any other accredited programs you would like to use.

SPECIAL NEEDS

If your student has alternative educational needs, or if they have an Individualized Education Program (IEP), our tutors will help you determine how to best accommodate their learning style. We want to help your student learn well. Thus, our qualified tutors will ensure your student is learning at a suitable pace, in the best environment.
Guess who aced their finals thanks to HeyTutuor? Results are what we strive for, and we will work tirelessly to make sure your student succeeds.

PREMIER PROVES RESULTS

We work tirelessly to make sure your student is learning and comprehending everything they need to know. Our tutors follow your student’s curriculum at a pace best suited for their learning style.

With the help of our excellent tutors, our students have gone on to:

- IMPROVE TEST SCORES
- OVERCOME FEARS OR DIFFICULTIES THEY HAVE HAD LEARNING MATH, SCIENCE OR FOREIGN LANGUAGES
- WRITE IMPECCABLE ESSAYS
- GAIN ADMITTANCE TO RENOWNED UNIVERSITIES
